Bearing No. RK6-29P1Z

|                               |                                     |
|-------------------------------|-------------------------------------|
| inside diameter:              | 24.97 in                            |
| moment dynamic load capacity: | 54200 ft-lbs                        |
| D                             | 33.39 in                            |
| bolt circle diameters:        | 26.13 (Inner) in, 32-1/4 (Outer) in |
| B                             | 2.205 in                            |
| number of mounting holes:     | 18 (Inner), 15 (Outer)              |
| bearing type:                 | Flanged Four-Point Contact Ball     |
| series:                       | RK                                  |
| gear type:                    | No Gear                             |
